

Are you missing any of the pieces?

Make sure your Dental Office has all of the necessary components to be completely OSHA & HIPAA Compliant. Check out our other Compliance Training Modules and call us to order your missing pieces.

Everything you see listed in our puzzle is required! OSHA & HIPAA inspectors will expect, in each of these areas, that you have: **training, paperwork & facility protocols** in place. All Dental Enhancements Training Packages provide comprehensive, current training, ready-to-use paperwork, facility protocol checklists & guided help with our OSHA & HIPAA Experts to help you implement your program.
